**Tobacco Production in This State For the Past Five Years**

According to the crop report published by the Department of Agriculture, Kentucky produced 381,024,000 pounds of tobacco in 1910, which was 33.7 per cent. of all the tobacco produced in the United States last year.

This was the banner crop of the Kentucky growers, whose production in the last five years has increased as follows:

- 1906—252,300,000 pounds.
- 1907—240,378,000 pounds.
- 1908—195,600,000 pounds.
- 1909—350,800,000 pounds.
- 1910—381,000,000 pounds.

The States next in production to Kentucky in the order named are North Carolina, Virginia, Ohio and Tennessee.

A comparative table of the wages of farm hands, also published in The Crop Reporter, shows that Kentucky at \$1.71 a day pays the second highest harvest hand wages in the South Central States, only Oklahoma, with \$1.97 a day, ranking her. At monthly rates, \$23.10, without board, Kentucky pays her farmhands the fourth highest wages in the South Central States, the highest being Oklahoma with \$28.10.

### Not the Farmers' and Traders' House

The suit of Charles Morgan of Bracken county was against C. L. Gray, Robert Wells, and the Farmers' and Shippers' Warehouse of Cincinnati, and not the Farmers' and Traders' Warehouse of Maysville, as stated in the newspapers.

### High Wind on River

Old rivermen say that yesterday was the worst day ever seen on the Ohio river. The wind was blowing at the rate of forty and fifty miles an hour, and waves were rolling mountain high—generally speaking—making it dangerous for river craft to attempt navigation. The Douglas Hall was tied to the Fifth Ward bank on account of weather conditions. It is said Elwood Maddox was blown into the river by the wind at the coal flats at the East End and had a narrow escape from drowning. Altogether it was a strenuous day for rivermen.

### Escaped Injury

Lexington Herald.

The three children of Mr. J. J. Fitzgerald, the plumber, Agnes, Mary and Dorothy, and their nurse, while driving to school yesterday in Mr. Fitzgerald's buggy, narrowly escaped a serious accident when their horse backed into an interurban car at the corner of Main and Georgetown streets.

They had just reached the corner when an interurban car going to Georgetown came along and the horse, becoming frightened, suddenly backed into the rear end of the car and demolished one of the wheels of the buggy. None of the occupants of the buggy were injured.

Mr. Fitzgerald is a former Maysville man and friends of the family rejoice that no serious injury resulted from the mishap.

# Does Your Back Ache?

If you are a woman and you have this symptom get Lydia E. Pinkham's Vegetable Compound without delay. Backache seems an invention of the evil one to try woman's souls. Only those who suffer this way can understand the wearing, ceaseless misery.

We ask all such women to read the following letter for proof that Mrs. Pinkham's medicine cures backache caused by woman's diseases.

Morton's Gap, Kentucky.—"I suffered two years with female disorders, my health was very bad and I had a continual backache which was simply awful. I could not stand on my feet long enough to cook a meal's victuals without my back nearly killing me, and I would have such dragging sensations I could hardly bear it. I had soreness on each side, could not stand tight clothing, and was irregular. I was completely run down. On advice I took Lydia E. Pinkham's Vegetable Compound and Liver Pills and am enjoying good health. It is now more than two years and I have not had an ache or pain since. I do all my own work, washing and everything, and never have the backache any more. I think your medicine is grand and I praise it to all my neighbors. If you think my testimony will help others you may publish it."—Mrs. Ollie Woodall, Morton's Gap, Kentucky.

Lydia E. Pinkham's Vegetable Compound has made thousands of cures of such cases. You notice we say has cured thousands of cases. That means that we are telling you that it *has* done, not what we *think* it will do. We are stating facts, not guesses.

We challenge the world to name another remedy for woman's ills which has been so successful or received so many testimonials as has Lydia E. Pinkham's Vegetable Compound.

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No sick woman does justice to herself who will not try this famous medicine. Made exclusively from roots and herbs, and has thousands of cures to its credit.

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health free of charge. Address Mrs. Pinkham, Lynn, Mass.

GROWS HAIR  
and we can

PROVE IT!

A lady from Minnesota writes:  
"As a result of using Danderine, my hair  
is close to five feet in length."

Beautiful Hair at Small Cost

HAIR troubles, like many other diseases, have  
been wrongly diagnosed and altogether mis-  
understood. The hair itself is not the thing to  
be treated, for the reason that it is simply a product  
of the scalp and wholly dependent upon its action.  
The scalp is the very soil in which the hair is pro-  
duced, nurtured and grown, and it alone should  
receive the attention it results are to be expected.  
It would do no earthly good to treat the scalp of a  
plant with a view of making it grow and become  
more beautiful—the soil in which the plant grows  
must be attended to. Therefore, the scalp in which  
the hair grows must receive the attention it requires  
to expect it to grow and become more beautiful.

Loss of hair is caused by the scalp drying up,  
or losing its supply of moisture or nutriment; when  
baldness occurs the scalp has simply lost all its  
moisture, leaving nothing for the hair to feed  
upon (a plant or even a tree would die under similar  
conditions).

The natural thing to do in either case, is to feed  
and replenish the soil or scalp as the case may be,  
and your crop will grow and multiply as nature  
intended it should.

Knowlton's Danderine has a most wonder-  
ful effect upon the hair glands and tissues of the  
scalp. It is the only remedy for the hair ever  
discovered that is similar to the natural hair  
foods or liquids of the scalp.

It penetrates the pores quickly and the hair  
soon shows the effects of its wonderfully excitat-  
ing and life-producing qualities.

One 25-cent bottle is enough to convince you of  
its great worth as a hair growing and hair beauti-  
fying remedy—try it and see for yourself.

NOW at all druggists in three sizes,  
25c, 50c and \$1.00 per bottle.

FREE To show how quickly Danderine  
acts, we will send a large sam-  
ple free by return mail to anyone who  
sends this free coupon to the  
KNOWLTON DANDERINE CO., CHICAGO, ILL.,  
with their name and address, and 10c

Corn Show Passed Up

Lexington's efforts to secure the National  
Corn Show, which will be held next September,  
came to a sudden halt when Mayor John Skain  
received a letter from the Executive Com-  
mittee, which has authority to select the place for  
the meeting, stating that it would cost the  
city \$40,000 to secure the show. Mayor  
Skain doesn't think that the show is worth the  
money, so Lexington will step aside and let  
the big cities go after the meeting.

FAIR AUDIENCES

Despite the Fierce March Winds,  
Heard Rev. Smith's Sermons  
Yesterday

The fierce blizzard that struck our town  
yesterday and last evening no doubt deterred  
many from attending the revival services at  
the Third Street M. E. Church.

However, a congregation far exceeding ex-  
pectations was present, thus demonstrating  
the great interest in the meetings. A notice-  
able fact was that there was no falling off in  
the number of men attending, the weaker sex  
being the ones kept at home by the weather.

The congregation was rewarded by hearing  
a splendid sermon from Rev. Smith. He is  
truly preaching the Gospel in all its simplicity,  
its power to save and to keep saved for eter-  
nity. The progress of the meetings is en-  
couraging to all who are so deeply interested.  
Services again this afternoon at 2:30, when  
Rev. Smith will preach from the question,  
"Where Hast Thou Gleaned," and at 7:30 when  
the subject will be "Watchman, What of the  
Night?"

Brave the weather and attend these services.  
It is to your interest to do so. This is the ap-  
pointed time and if the people arise to their  
opportunity the revival fire will spread over  
the whole city and country hereabouts.

VALUED HEIR LOOMS

Oil Portrait and Masonic Apron of  
Arthur Fox, Sr., Placed in  
Dover Lodge

Dover News.

Last week Mr. T. H. Fox placed in the Hall  
of Fox Lodge No. 386, F. and A. M., a portrait  
of his grandfather, Mr. Arthur Fox, who during  
his life was one of the most prominent citizens  
of this section and owner of several thousand  
acres of land in and around Dover. He was a  
prominent Mason, and it was in his honor that  
Fox Lodge was so named. The portrait was  
placed in custody of the Lodge until called  
for and it now hangs in a place of honor back  
of the Master's Station.

On Saturday evening, Mr. Charles E. Carron,  
also a nephew of Mr. Fox, placed in custody of  
the Lodge another valued heirloom of the Fox  
family until such time as he may call for it.  
It is a handsome satin Masonic apron owned  
and worn by Mr. Arthur Fox seventy odd years  
ago. The apron is more than 75 years old.  
Although slightly stained by time it is well  
preserved. It is beautifully ornamented with  
emblems of the various degrees of the Order.  
It will be carefully preserved as long as it is  
allowed to remain in charge of the Lodge.

The gauge marks 21.2 and falling.

markets.

Mrs. Homer Fauler returned to her home at Sardin, after spending a week with relatives here.

Messrs. Homer Hanson and Ollie Stewart spent several days the past week with relatives in Paris.

The sale of the personal property and farming implements of Mr. J. T. Rice yesterday was well attended and good prices prevailed.

Mrs. Sherman Ann of East Second street was severely cut on the head Tuesday at her home when the top of a large dresser fell and struck her while moving same. Her friends will be glad to learn that her injury is not serious.

Mr. E. L. Manchester, Manager of the Keystone Commercial Company, has purchased the real estate at the Northwest corner of Union street and Forest avenue, and it is said that he will open a restaurant and boarding-house to accommodate the large number of tobacco men now doing business in the East End and the farmers who patronize the big tobacco plants. It's a good move and Mr. Manchester is to be commended for his foresight.
